

product details

L 36 W/76-1

Product description: L 36 W/76-1
 Product code: 4008321205315
 Quantity: Shipping carton box (VS) contains
 10 Piece (PCE)

You can find this product in the eCatalog:
http://catalog.myosram.com?~language=EN&~country=DE&it_p=4008321205315

Categorizations	
SEG number	8329485

Certificates & Standards	
EEL - Energy Label	B

General Description	
Base (standard designation)	G13
Recycling	Yes
Design / version	OSRAM NATURA T8 tubular, G13 base
Rated lamp mercury content	3.0 mg

Technical - Electrical Data	
Nominal wattage (packaging)	36 W
Construction wattage	36 W
Rated lamp efficacy (HF data)	Under clarification by authority and standardization body

Technical - Geometries	
Tube diameter	26 mm
Diameter	26.00 mm
Length	970.00 mm
Length with base excl. base pins/connect	970 mm

Technical - Lifespan	
Lifespan	13000 h ¹⁾
Service life	10000 h ²⁾

Technical - Light Technical Data	
Luminous flux at 25 °C	1600 lm
Luminous flux	1600 lm
Light color	76
Light color as per EN 12464-1	NATURA

Packaging units				
Product code	Packaging type and content	Dimensions in h x w x l	Gross weight	Volume
4050300010557	Sleeves contains 1 Piece	29,000 mm x 29,000 mm x 985,000 mm	155,400 g (0,000 g)	0,798 Cubic dec.
4008321205315	Shipping carton box contains 10 Piece	145,000 mm x 62,000 mm x 1.012,000 mm	1.824,000 g (0,000 g)	9,734 Cubic dec.

OSRAM NATURA/OSRAM NATURA SPLIT control - good shop light for butchers, bakers and even candlestick makers

According to DIN 10504, the light color of OSRAM NATURA/OSRAM NATURA SPLIT control is particularly suitable for the food sector. The specially tailored spectral distribution of the lamp ensures that food is presented in an appetizing light.

Thanks to their specially matched spectrum, fluorescent lamps with light color 76 make meat, sausages, bread, cakes and other foods look fresh and appealing without disguising poor produce.

By using OSRAM NATURA SPLIT control lamps with their integral protective sleeves in open luminaires the requirements of the International Food Standard are met and the food is fully protected.

OSRAM NATURA SPLIT control is obviously also suitable for enclosed luminaires.

Compared with earlier versions of these lamps, the sleeve material is even more heat-resistant. We recommend replacing lamps with protective sleeves when they reach half their average life.

The new version of OSRAM NATURA SPLIT control T8 is identified by a green marker ring.
